Subject: Storage/MCS/Transportation Imbalances Effective Immediately

Notice Text:

Due to current and anticipated system conditions, customers are reminded to monitor contractual storage entitlements and take the necessary steps to manage deliveries within those firm entitlements.

Transportation customers are also advised to equalize receipts and deliveries so as to minimize imbalances on EGTS's system. Capability for over-withdrawals, short-term loans, and park payback activity are expected to be very limited or possibly not available. They may be subject to allocation or potential penalties if warranted by an OFO, in accordance with the terms of EGTS's tariff.

In addition, EGTS may restrict due shipper imbalance paybacks. Your cooperation is appreciated.
