Subject: Rochester Mills Planned Maintenance - Production Shut In

Notice Text:

Eastern Gas Transportation and Storage, Inc. (EGTS) will be conducting planned maintenance on its Rochester Mills Station beginning on Monday, June 20, 2022 to Friday, July 2, 2022. Beginning on Monday, June 20, 2022, at 6:00 a.m. EDT some production and direct taps feeding into the Transmission system at LN-280 flowing to Rochester Mills may be required to shut-in.

Please coordinate with your downstream operator to determine if your production is required to be shut-in. Any such volumes that are not shut-in shall be treated as Unauthorized Gas pursuant to Section 29 of EGTS's FERC Gas Tariff, and will be subject to confiscation in accordance with the Tariff.

Affected production includes the following lines that flow to Rochester Mills Station:

LN - 1561  
LN - 2470  
LN - 1558  
LN - 1588

EGTS will make another posting when affected producers can turn back in.

Please continue to monitor these postings for further updates. If you have any questions, contact your Customer Transportation Representative or Interstate Marketing Manager.
